Open Forest Round – number of archers 29. World Crossbow Championships 3D, number of archers 32. Low turnout – need to rethink this situation.

Judges – John Clark, Miguel Duarte, Alexandre Teixeira, Parvej Joshi, Vania Barra, Tony McLoughlin. Overall the judges did an excellent job in difficult conditions, however some mistakes were made by some judges using cameras and mobile phones while on duty. This was remarked on by some archers.

Jury of appeal – Nune Mateus, Paula Duarte, Paulo Nascimento – Jury not required.

I wish to congratulate the organizers for running an excellent shoot over two field and two 3D courses. This was praised by all participants.

Praise is due to Miguel for all his excellent work in laying out the four courses. More information on the construction of the courses at an earlier stage would have been appreciated. Many thanks to the complete work crew for all their work and late nights. They were the best I have worked with.

Tony McLoughlin  
Chairman of Judges.
